FAQs

BEFORE

- **How do I book a session?**
 - **Step 1:** Head to our [booking page](#).
 - **Step 2:** Select a time that suits your schedule.
 - **Step 3:** Secure your booking by paying online through our secure platform.
- **What should I wear?** We recommend casual clothing with no large logos. Since the backdrop is white, aim for neutral or contrasting colors. Simple and coordinated outfits work best!
- **Can I bring props?** Yes! You can bring your own props (just no pets or anything that could create a mess). **If you have a 1-year-old, remember to bring a blanket for them to sit on.**
- **What if my child has special needs?** We are happy to accommodate all children!

DURING

- **What time should I arrive?** Please arrive on time! Sessions are only 10-20 minutes long, and unfortunately, if you're late, there is no rebooking for missed spots.
- **Where will the session take place?** The photos will be taken against a white backdrop in a hall, and a seat will be provided as a prop.
- **Can I bring my family?** Yes! Depending on your selected package, we can photograph your immediate family, individual members, siblings, or even extended family like grandparents.
- **What if my child prefers outdoor photos?** We understand that some children may feel more comfortable outside. Let us know in advance, and we can schedule outdoor photos on the playground at the beginning or end of your session.

AFTER

- **How many photos will I receive?** You'll see all the images in your online gallery and select the number included in your package (usually 5-10). You can also purchase additional images if you'd like more.
- **When will I receive my photos?** Your digital images will be delivered via an online gallery within 1-2 weeks of your session.
- **Will my photos be used for marketing?** Your photos will not be used for marketing unless you give explicit permission.
- **Do you edit the photos?** Your images will undergo basic editing, such as lighting and color correction. No heavy Photoshopping will be done unless requested as an additional service.
- **Are prints available?** Only digital images are available for this mini session. However, you can order additional digital images directly from your gallery if needed.
